

Dear Auxiliary-

We cannot thank you enough for the beautiful blanket & hats Gillian received while in the Fairview NICU for 137 days. You had a hat for her when her head was the size of a small apple, and one for her when her head was a normal infant size, and a beautiful blanket we used almost every day when we were able to hold her. Thank you for the comfort & warmth amidst all the anxiety. We are forever grateful!

Kate, Pim & Gillian
