Dear Quilters and Sewers with Friends of Chaplain Partnership:

Thank you so much for the generous donation of beautiful blankets and quilts that Reverend Alice Walsh recently delivered to us at the Ronald McDonald Family Room at Cleveland Clinic Fairview Hospital. You all have created a wonderful collection of colorful and attractive items that will go a long way to offering comfort to the adults who receive them. Our plan is to present them to families using our respite rooms (overnight rooms for families who need to stay close to their infants or children) when the new rooms open. The parent can use the blanket on the bed while they are here, and then he or she can take it home with them. I have no doubt that the love and care you put into making these blankets will provide support – both physical and emotional – to the parents who receive them. From past experience, I know what a handmade item means to these guests.

Our Ronald McDonald Family Room serves families of infants and children who are hospitalized, providing a quiet and restful space in Fairview Hospital that's conveniently located just steps away from a child's bedside. In our Room, families can enjoy a free snack, take a hot shower, email updates to relatives or friends on our computers, make phone calls, play with healthy siblings, talk to other parents, or just relax. In the eight years we have been open, we have served over 70,000 visitors representing more than 8,500 pediatric patients.

Thank you again for aiding us in our mission with your donation. We are very grateful for your kindness and support.

Warm regards,

Kathie McNeilly
